

Brokerage Commission

DESCRIPTION	CRYPTO
Fee per trade leg:	0.5%

Please note that the charge for both legs is applied upfront on the opening of a trade according to the below formula:

Quantity * Opening Price * % commission (0.5% for open and 0.5% for close)

Example 1 - Crypto

Let's say a Crypto is valued 8 USD and I open a volume of 15 cryptos then the commission is:

$$= 15 * 8 * 0.5\% * 2 = 1.2 \text{ USD}$$
